<sup>1</sup> Rush Service charge is the same for the Web Trio or Web Trio Plus Hi-Res packages. Delivery time with Rush Service is one to two business days as opposed to the regular three to five business day delivery time. Please contact us first to make sure our schedule will allow Rush Service for your order.

<sup>2</sup> For a description and special notes about clipping paths, please visit our Clipping Path page at <http://www.upgradedimages.com/what-is-a-clipping-path.html>

<sup>3</sup> If a significant amount of time is required to assemble your products prior to the photo shoot, we reserve the right to request an assembly charge of \$40/hour charged in 15-minute increments. Please note that this does not include time required for us to arrange your products and will only be charged with your approval and in situations where assembly is unexpected or particularly time-consuming, e.g. gift baskets which arrive in separate components, numerous items shipped in pieces due to shipping concerns, etc.

<sup>4</sup> A group shot is an image in which multiple products are pictured at once. Due to lighting concerns, some products might require individual photo shots to accommodate each product's lighting requirements, which is why an individual quotation is required.
